

SFB 924 Seminar

Wednesday July 10, 2019
10:00 h – 16:00 h

Helmholtz Zentrum München
85764 Neuherberg
Auditorium, Hertwigstraße
Gebäude 23

13:00 h – 14:00 h Lunch Mensa

Meeting project leaders
Seminarraum, Gebäude 22, Raum 104

Meeting Young Investigator Initiative
Auditorium, Gebäude 23

Host: Corina Vlot-Schuster

10:00 h

Alexandre Magalhães (Schwechheimer lab)

„A DELLA- and gibberellin-regulated co-expression framework for abiotic stress responses in plants.“

10:25 h

Isabell-Christin Fiedler (Van der Linde lab)

„Small secreted proteins in flower development and pathogenicity.“

10:50 h

Jennifer Sales (Vlot-Schuster lab)

„LEGUME LECTIN-LIKE PROTEINs on the interface between systemic immunity and abiotic stress tolerance.“

11:15 h – 11:45 h Coffee break

11:45 h

Dr. Philipp Denninger (Introduction: Thomas Dresselhaus)

„Regulation of cell polarity and cell-to-cell communication by protein kinases and RhoGTPases during double fertilization.“

12:10 h

Casandra Herfanden-Reyes (Ott lab)

„The RIR1/RIR2 receptor complex.“

12:35 h

Jan Röder (Grill Lab)

„Rebuilding core abscisic acid signaling pathways of Arabidopsis in yeast.“
