

1ST MUNICH MINI-SYMPOSIUM ON EXTRACELLULAR VESICLES

PROGRAMME

**THURSDAY
30TH AUG**

| | | |
|----------------|-----------------------------|---|
| 01:45-02:00 pm | Welcome and Lecture Opening | |
| 02:00-02:45 pm | HAILING JIN | Cross-Kingdom RNAi in plant-fungal interactions |
| 02:45-03:30 pm | ROGER INNES | Extracellular Vesicles as Key Mediators of Plant-Microbe Interactions |
| 03:30-04:00 pm | Coffee break | |
| 04:00-04:45 pm | AMY BUCK | A nematode parasite harnesses novel repeats and an Argonaute protein for small RNA secretion in vesicles: new mechanisms of host modulation |
| 04:45-05:30 pm | NETA REGEV-RUDZKI | Malaria parasites networking |
| 05:30-06:15 pm | MICHAEL PFAFFL | MISEV compliant standardization of EV isolation and characterization in clinical samples |
| 06:30 pm | Get together & dinner | |

**FRIDAY
31ST AUG**

| | | |
|----------------|------------------------|---|
| 09:00-09:45 am | SILKE ROBATZEK | How extracellular membrane vesicles from phytopathogens promote infection success |
| 09:45-10:30 am | PAUL BIRCH | Secretion and Delivery of Effector Proteins from the pathogen <i>Phytophthora infestans</i> to its plant host |
| 10:30-11:00 am | Coffee break | |
| 11:00-11:45 am | EWA BIELSKA | The role of extracellular vesicles in <i>Cryptococcus gattii</i> infections |
| 11:45-12:30 pm | ARNE WEIBERG | Pathogen small RNAs as host immune suppressors |
| 12:30 pm | Close-up and fare-well | |
